Greek Throne Offered Prince Paul

KING ALEXANDER DIES AS RESULT OF MONKEY BITE

MANY DIFFICULTIES RE-
GARDING NEW RULER
RESULT FROM
DEATH.

NAME PRINCE PAUL

Third Son of Constantine. For-
mer Ruler, Likely to Be
Offered Crown.

[By Associated Press.]
Athens, Oct. 26.—The throne
of Greece, made vacant by the
death of King Alexander, will
be offered to Prince Paul, third
son of former King Constantine,
it is officially announced.

Athens, Oct. 26.—Many difficul-
ties regarding succession to the
Greek throne will result from the
death of King Alexander, who suc-
cumbed to a monkey bite last night.
There is every indication the throne
will be offered to Prince Paul, third
son of former King Constantine,
but a condition of King Constantine
must formally abdicate and Prince
Paul, must renounce his rights.

King to Be Obsolete.
It is probable that King Constantine
will at first refuse to meet
these conditions, but it is under-
stood Premier Venizelos will pro-
duce arguments of some importance.
Constantine's financial status is
well known, and it is thought the
premier will agree to restore the
former king's suppressed pension, if
the above terms are accepted.

There is a possibility of offering
the throne to Prince Paul, but
the premier is reluctant to take such
a step. To begin with, it would be
hard to find a suitable candidate.
When Prince Alexander died, he was
the third son of King Constantine
of Greece in 1917.

Belgian Prince Named.
As a result, the choice is narrowed
considerably. Prince Charles, the
second son of King Albert of Bel-
gium, has been mentioned as a pos-
sible candidate, but King Albert's
able made it clear that if the throne
should be offered the prince,
he would be refused.

Elections to choose members of
the new Greek national assembly
have been postponed one week, it
is announced here. They were to
have been held on November 8.

WHEAT PRICES GO UP AS FARMERS STRIKE

[By Associated Press.]
Chicago, Oct. 26.—Wheat prices
made a sharp advance today, and
the reason is a falling off in offerings
from the southwest, apparently due
to the farmers' strike. An extreme
low of 10 1/2 cents a bushel took
place, December delivery touching
2.01 1/2, as against 1.99 1/2 at 1.99 1/2 at
yesterday's finish.

ist party issued a final appeal here today,

pathizers to vote for Debs in the

Northwest Coal Bins Being Filled; No Danger of Shortage in Nation

[By Associated Press.]
Cleveland, Ohio, Oct. 26.—Ap-
proximately 1,000 of the 7,000 soft
coal operators in the United States,
representing every bituminous pro-
ducing district, met here today to
consider the telegram sent to the
association last week by Attorney
General Palmer. The telegram
urged that steps be taken to elimi-
nate exorbitant prices for bitumi-
nous coal at the mines.

That a resolution favoring "fair
and reasonable prices" with only a
reasonable profit for the operators,
would be supported, was predicted
by operators.

Prices Are Dropping.
Prices already have dropped in
many places. It was declared. J. L.
Hartfield, of Morgantown, W. Va., a
member of the northern West Vir-
ginia fair practices committee, said
in his district, the price had drop-
ped from \$14 to \$6 a ton in some
instances, even in the "brokerage
market."

"The fair practices committee,"
he said, "was formed by the op-
erators to stamp out certain practices,
the bidding up of prices by brokers,
for instance, which had caused the
price to skyrocket."

Break in Pittsburgh.
Another operator said there had
been a big break in the Pittsburgh
district. "Little danger" exists of
serious winter shortage anywhere,
in the opinion of operators.

An election was made at the gen-
eral conference by Colonel Wentz.
He told the operators that short-
ages of coal for immediate uses
are rapidly being made up, owing
to the accelerated movement of
coal.

EXPECT COUNTY TO POLL 18,000 VOTES AT GREAT ELECTION

5,000 BALLOTS IN CITY POS-
SIBLE WITH WOMEN
VOTING.

M A N Y CONTESTS

Chief Interest Centers on Vote
for President, Governor
and Senator.

With 16 national, state and county
contests and a statewide referendum
to draw voters to the polls, election
precincts are predicting Rock
county will poll close to 18,000 votes
next Tuesday, a week from today.
They predict a vote of 5,000 in Janes-
ville.

In 1916, when women were not
voting and when the county had a
smaller population, the total vote for
precincts was 11,477. This seems to
be about the forecast of a poll of
18,000. Four years ago Rock county
gave Hughes 7,011 votes and Wilson
4,913.

There are seven contests in Rock
county for county and district offices.
Only two candidates are running
without opposition for election to
county offices. Both are on the re-
publican ticket. They are Lynn A.
Whaley, Janesville, for coroner, and
Alex W. Rye, Janesville, for surveyor.
The seven contests are:

Two Oppose Matheson.
Member of assembly, first dis-
trict of Rock county, Alexander
E. Matheson, Janesville, republi-
can; John G. McWilliams, Janesville,
democrat; E. J. Jeff-
rey, Milton, democrat; Howard W.
Lee, Janesville, republican; Frank C.
Devine, Edgerton, democrat.

County treasurer—Arthur M.
Church, Janesville, republican; Clay-
ton A. Uebel, Edgerton, democrat.
Sherriff—Cash, Whipple, re-
publican; Patrick H. Gar-
vin, Clinton, democrat.
Clerk of circuit court—Jesse
E. Matheson, Janesville, republican;
Harold Dawe, Edgerton, democrat.

District attorney—Stanley G.
Dunbar, Janesville, republican; Cornelius
Duckley, Beloit, democrat.

All Seek Re-election.
All of the republican nominees for
the county offices except Cash
Whipple are now holding the offices
and are seeking re-election. Mr.
Whipple was sheriff for a two-year
term.

Rock county is interested in two
other contests aside from the general
state ticket. They are a race for
state senator for the twenty-second
district, comprising the counties of
Rock and Walworth, and that for
congressman from the first con-
gressional district, comprising
the counties of Rock, Walworth, Ken-
nosha, Racine, and Waukesha. A
three-cornered contest is being waged
for each office.

Third—O. S. Morse, W. B. Sullivan,
Robert J. Cunningham, Fred
Blakely and George Smith.
Fourth—S. A. Cooper, W. J. Hem-
mings and J. A. Depping.
Fifth—George Croft, George Sen-
nett and O. E. Lloyd.

Whiskey VEGGS
CART OFF 300 CASES
Thieves Loot Drug House Block
and Half From Police
Station.

[By Associated Press.]

equipped with motor trucks invaded
the local early today, broke into
a wholesale drug house within a
block and a half of the Central po-
lice station. Bound the watchman
and carried away 30 barrels and 300

600.

made three trips, being gone 15 min-
utes each time.

Ohio for Harding If State Follows Hamilton County Lead

[By Associated Press.]
Cincinnati, O., Oct. 26.—Govern-
or Cox closed his Ohio campaign
here today by making a final ap-
peal for the league of nations and
a statement that the churches, labor
and women were together in the
movement which, he said, was
"saving the country."

"I desire to pay Judge Taft a
tribute," said the governor. "He
possesses a gift which I did not think
was lost. He has the gift of proph-
ecy. Speaking just about a year ago
in West Virginia, he said that labor
would endorse the league of nations
because of its labor provisions; that
the churches would endorse it be-
cause it is right; and then if the
women were given the vote, they
would all be for it because of their
abhorrence for war; and in the last
week it is perfectly apparent that
Judge Taft correctly visualized the
future."

The governor motored here early
today from Huntington. Later he
was to make his twenty-first and
final speech in Kentucky, at Ash-
land. This afternoon he was to
speak at Portsmouth, Ohio, and
tonight at Cincinnati.

How to Mark Your Ballot

Republicans are by force of circumstances refused the oppor-
tunity next Tuesday of voting their ticket. They cannot vote for
republican candidates for governor, lieutenant governor or secre-
tary of state for the names on the ballot do not represent either
affiliation with the party or republican principles. The candidates
for governor, lieutenant governor, and secretary of state have refused
to accept the republican platform either state or national, have
done nothing to secure the election of Warren G. Harding or Calvin
Coolidge and are in no manner entitled to votes of republicans or
Republicans or the votes of men and women who wish to support
Harding and Coolidge.

Therefore it is necessary to vote a mixed ticket. When you go
to the polls you will be given three ballots; one will be a presiden-
tial ticket. It is headed with the names of the parties. If you
want to vote for Harding simply make a cross in the circle at the
head of the republican ticket. That does the work.

Another ballot will have on it the names of the candidates
for all offices from governor to county surveyor. Did you read the
ballot in the Gazette last night? You will see a little box at the
right of each name. If you want to vote for everybody on any
ticket regardless put another cross in the circle. If you want to
vote for McCoy for governor on the democratic ticket and cut off
Blaine, put a cross in the circle at the head of the republican ticket.
MARK OUT THE NAME OF BLAINE and put a cross in the box
to the right of McCoy's name.

If however you go farther and vote for candidates just run over
the list and put a mark in the box at the right of each name for
which you wish to vote. Here is a list of those you can pick from:
McCoy, Darwick, Silverthorn, Johnson, Morgan, Cooper
or Stahl, Ridgway, Matheson, Lee, Church, Whipple, Whaley, Earle,
Dunwiddie, Smiley, Rye. You will put no mark at all in the circle
if you vote a wholly mixed ticket, but mark a cross after the name
of each candidate, one for each office.

Then there is a little pink ballot. That is the referendum for
the Mulberger law. There is a box "Yes" and a box "No." If you
want to vote for the law put a cross in the "Yes" box.

VOTERS REGISTER DESPITE DRIZZLE

100 Register Up to 1 O'Clock
—Rain Falls to Stop
Turnout.

A disagreeable drizzle that began
early this morning and continued all-
most incessantly throughout the day,
failed to interfere to any great ex-
tent with registration of voters here.
The polls in the five wards opened at
9 o'clock and will be open until 5
o'clock this evening, giving those
who expect to vote for president next
Tuesday a last opportunity to get
their names on the poll lists.

More than 100 new names had
been added to the registry lists up to
1 o'clock today. A heavier turnout
was predicted for the afternoon and
this evening. Men outnumbered the
women in registering this morning.

The registration lists are being
checked over the poll lists, setting
everything in readiness for the
big day next Tuesday.

Seventeen men were employed in
registration work today as follows:
First ward—Charles Eller, W. J.
Rice and Louis McCarthy.
Second ward—John H. A. Mosser
and Charles Connell.
Third—O. S. Morse, W. B. Sullivan,
Robert J. Cunningham, Fred
Blakely and George Smith.
Fourth—S. A. Cooper, W. J. Hem-
mings and J. A. Depping.
Fifth—George Croft, George Sen-
nett and O. E. Lloyd.

LENROOT NEEDED IN HARDING PROGRAM

Pinchot Comes to Wisconsin to Boost Re-election of Senator.

(Special to the Gazette.)
Chicago, Oct. 26.—Pinchot in the belief that Senator Irvine L. Lenroot of Wisconsin is "the most useful man in either house of congress," Clifford Pinchot passed through this city Monday on his way to Wisconsin to help the senator in his campaign for re-election.
"Each man as Lenroot is going to be greatly needed in congress in the next four years," declared Mr. Pinchot. "I have just come from Madison, where I discussed with Senator Harding various items of the great constructive program for America which he has outlined for his administration. We did not discuss his campaign at all, because so far as the presidency is concerned, it is settled. Even the democrats know whether they add it or not, that Senator Harding will be the next president.
"The thing of greatest importance just now is to see that when Harding is president he is supported in every house and senate by men who will stand solidly behind his constructive program. I am on my way to Wisconsin to do what I can, and to encourage the re-election of the man whom I consider on the whole the most useful member of either house, Senator Irvine L. Lenroot."

BROADENED CHURCH WORK IS URGED BY PASTOR MELROSE

"What We Should Aim At" was the topic discussed by Rev. J. A. Melrose Sunday at the morning service in the Presbyterian church.
It was explained that, although churches are divided on ethical and doctrinal lines, they all have in common the main basic thought of having the divine mission of carrying on the ideals of Christ on earth. They must also bring people together in groups to make their work efficient. The danger of church loyalty is that it might be egoistical with people thinking that a strong church is the end and aim of all.
"It should go broader than that," said Mr. Melrose, "and take in the needs of the community." The church he emphasized the idea of reaching out after the young life of the church and of bringing it into closer relationship to work for higher consecration of the adults; to have the church reach out into the community in service, and also to work toward that fine outlook of Jesus on life, which should serve as an ideal to all.
The choir of a dozen voices, directed by Mrs. Warren Fish, sang an anthem, and Miss Margaret McCulloch sang a solo.
The Sunday school connected with the church has been reorganized and is now in a flourishing condition, having about 125 members. A regular program of work is being prepared for the school by an educational committee consisting of Miss Grace Mount, chairman; Mrs. O. J. Achen and Mrs. E. G. Snyder.

MILK AND BUTTER DEMONSTRATION IS GIVEN AT SCHOOL

A double dairy demonstration was given in the agricultural department of the high school here Friday by pupils of B. Wood's classes.
The demonstration teams, one of three sophomore boys, and the other of three freshmen girls from the home economics department, took part. The demonstration opened with an explanation by one of the girls, telling how cream is prepared for market and the process of churning. The boys and the girls then told why milk is tested. Each of the boys prepared a sample and the testing bottles were passed in the test for the first turning.
By this time butter had come and the second girl continued the process by washing the butter. The third girl salted it and put it in a glass container. The boys completed and announced results of the milk demonstration, computing the amount of butter fat and the average weight of milk for October.
Numerous questions were asked by the two classes which watched the demonstration and were answered by the teams.

Lakotas Eat Big 'Muskie'

Lakotas feasted last night on a 23-pound muskellunge, captured in northern Wisconsin by their president, William P. Langdon, while on a fishing and hunting expedition with Robert Bailey, Deloit. The feast, prepared by Otto Pepke, followed a special meeting. Langdon was given a rousing cheer.

Tomorrow night Lakotas and their friends of the fair sex, will don tattered, torn and patched clothing for the annual Halloween and hard times party, one of the big events of their social season. A reception will be held in the clubrooms from 8:30 to 9 o'clock, when dancing will begin in the Terpsichorean hall on the floor above to continue until 1 o'clock. Thompson's orchestra, Madison, will furnish the music.

Nothing has been left undone to make the party the biggest and best yet attempted. The qualifications for the party are: "You must—Be a member, have a girl, wear old clothes, wear a smile."

"We have 12 gallons of cider com-

ing from Newville and a cartload of pumpkin pies and doughnuts, more or less like mother used to make before she learned how to cook," said Dr. Irving Clark, chairman, in speaking of the refreshments. Assisting him on the committee are: Ben Kuhlman, James Croak, and John Hendrickson.

Reno Koch will be captain of the military police on duty to enforce the old clothes ruling. He will be assisted in preserving order by the following deputies: Charles McDonald, Joseph Dennis, Harry Ryan, Martin Kennedy, Louis Shen, Charles Phelps Lee and Eugene Brown.

Skin Blemishes

How to get rid of them

Skin specialists are tracing fewer and fewer troubles to the blood. They say more often, skin blemishes can be traced to the bacteria and parasites that are carried into the pores of the skin with dust, soot and grime. To clear your skin of blemishes caused by this insidious and persistent enemy, use regularly the following special treatment.

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap; then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for

ten minutes. Rinse very carefully with clear, hot water; then with cold.

In addition to this special treatment, use Woodbury's regularly in your daily toilet. This will make your skin firm and active. It will help the new skin to resist the frequent cause of blemishes. Before long your complexion will take on a new clearness and freshness.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Letters of Tessie and Joe

DEAR TESSIE:
I'm glad you've decided not to ask me to buy you a Ford, even at the new reduced rates, because Daisy Linn had been selling so slow that I couldn't have anybody arrested for libel by saying they're not selling at all. Of course it's a free country and if people don't want to buy D. C. Soups there's no law to make them, and yet if they don't buy them they're preventing me from exercising my legal right of selling them, so the question is, is there really such a thing as a free country, after all?

That's an interesting question, Tessie, but at the same time one that requires a more intensive use of the brain than you might be able to give it a return notice. Take prohibition, I know men who think that's a return notice, but it's really all a pure case of freedom. The prohibitionists were free to stop the sale of booze if they could, and it turned out they could, and now the rest of us are free to drink ourselves into the bughouse on lemon extract.

But to come back to Henry Ford, I agree with you that he's a great man. What other man ever single-handedly supported a thousand joke writers for two years? And, by the way, where are the men who used to tell night and day turning out Ford jokes? Maybe Henry has rewarded them for the free advertising by giving them all some nice easy job in his factory, such as inspector of shoof absorbers. Joke.

I had my picture taken again today, Tessie. It's always been the ambition of my life to have a flattering photograph taken. I'm a homely cuss and I've never had the face to deny it, and at first glance it would be natural to suppose that any photograph of me would just naturally have to be flattering, but they've made a wonderful science of photography. So far every camera I've ever exposed myself to has insulted rather than improved on nature. But maybe this particular photographer will turn the trick. He makes a specialty of pet animal pictures, which is a very difficult branch of the art, and maybe it will help him save in my case.

Tell the baby I was asking for him.

Joe.

Tessie may know a lot about baseball but she hides the fact fairly well in her letter tomorrow.

Heart and Home Problems

BY ELIZABETH THOMPSON
Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: I am a girl twenty years of age and have a boy friend who has been going with me about three months who is twenty-one. He was very kind to me in every way and said that he had fallen in love with me at first sight.

He has quit coming to see me and never comes around anywhere that I can see him. I was always nice to him and also loved him. I never knew what love was until I met him. I didn't know this boy, but he said he knew me. It happened that we met on the street one afternoon and he came home with me and begged to keep company with me.

He came to see me often and took me to church and to the theater and also gave me little presents. He seemed to like to give me a good time until one night he had a date with me and didn't come. He was called to work, he told one of my friends to tell me and that I shouldn't be angry at him. I sent word that I wasn't angry.

He hasn't been to see me since. If he got angry it was his own fault. I would give up anything for him. I have tried to forget him but it seems impossible to do so. I sent for him to come to my house, but he wouldn't come. He tells others that he loves me and he knows I don't love him. That is all a mistake. I think about him all the time. He is a ways seemed glad to see me and to be with me when he came. I would be the happiest girl on earth if he would only come back.

Girlish Frock for Informal Wear

By ELOISE.

The dark silk and satin frock is the smartest thing for informal afternoon and evening wear this year. They are seen as often in youthful wardrobes as they are in older women's. In fact, there is scarcely a young girl or college miss who does not own at least one pretty silk frock. Here are three school misses wearing very attractive dark frocks. The violin girl is wearing black satin wearing navy taffeta and the girl holding the violin record is wearing black chiffon over satin with novel silk fringe braid trimming the skirt.

The frock at the left, the beaded satin, is one of the popular models of the season. It is made on rather straight lines with a plain kimono style blouse with round neck and

ice cream. It is a good time when you get up to leave. You are old enough to let your heart and your own judgement settle your problem. It seems to me that the man ought to ask to marry since he is so eager for your kisses. I cannot say what will make him think more or less of you, but it seems to me that if you are natural and do nothing you consider wrong, he will admire you just as much or more. Never worry about what you have done. Simply profit while you think you have made a mistake. Respect yourself and the man will have respect for you.

short sleeves. The skirt is gathered just a bit and is cut with pointed scallopes instead of a straight one. The bands play an important part in this frock because they form an all-over design on both skirt and blouse. The frock is suitable for afternoon or dinner wear.

The frock in the center is a more informal and practical model. It is fashioned of navy taffeta with a kimono-like overblouse and a ruffled skirt. Pleated ruffles are seen very often on the newer frocks and make a very pretty feature. The running around, up and down, or diagonally on the skirts of many taffeta dresses. Tiny lapels, short sleeves, and tiny tucked girdles of beige georgette are the notable features of the blouse.

The gown at the right is more formal than either of the other two

Madison—Many lawyers are willing to accept the appointment of federal judge for the Western district of Wisconsin to succeed Judge A. L. Sanborn, who died recently. H. L. Butler, Judge A. C. All are democrats and it is probable that a democratic organization will probably send in its endorsement to President Wilson this week.

GREAT WATER SPORT IS BEING REVIVED BY VARSITY CREWS

Madison—The plaintive cry of the "row" has been heard over Lake Mendota this fall with what Coach "Pat" Vail says is a new enthusiasm for fall crews. The prospects for the return of Wisconsin's great water sport has put a new life into the men that is not to be denied, he says. Three crews of varsity material are out every afternoon swinging into the water before the indoor season.

Rowing as an intercollegiate sport was abolished at Wisconsin in 1915 on recommendation of the athletic department, which declared that the hearts of the athletes were affected by the strain of eastern races. This past year the race at Poughkeepsie was cut to three miles, and in view of that fact the clinic recently resuscitated its former action. An early season's meeting will determine whether action will once more be given the sport. The faculty will vote its approval or rejection.

"Even though we get rowing back this year, Wisconsin will not send a crew east unless it can send one that will be up to the old standard," Coach Vail said. "Stroke and two men from last year's freshman crew are no longer in school and unless their places can be filled and a smooth working machine perfected, I would

not consider going to Poughkeepsie." Coach Vail told of the "black and blue" crews of 1912 and 1913 that trained in 1912 after a poor start in the eight-man varsity team pulled itself into second place and won while the rest of the crews were still in the mud. The last few lengths of the race when it caught a "crab" and fell into second place. Then came the end of the season which put an end to the sport at Wisconsin.

"It doesn't look as though we now have material to make crews that will come up to the standard of the teams but we'll be able to develop some within the next year or two if rowing is re-established," said Coach Vail. "Time is needed to get the crew working in perfect unison with perfect and powerful stroke. And time is needed to bring material to Wisconsin."

"Dad," as he is universally known by students, is already working on his shell to get them in shape and his enthusiasm is at high pitch as he tells, as he rarely does, of his old crews and of the possibility of the return of rowing. "I said nothing when the crew was abolished," Coach Vail explained. "I am not going to urge its re-formation. I'm glad but I should like to talk about it."

Training of the crew will go on during the winter, when rowing machines will be used. Crews will be chosen from Mendota lake until the cold weather sets in.

HARDING, 121, AND COX, 31, ON BALLOT TAKEN ON TRAIN

Harding was a 4 to 1 favorite over Cox on the Chicago list Wednesday evening, according to J. G. Bridges, buyer for the Golden Eagle, who has been in the train since the election. With half the states in the union represented by 155 people, the vote was: Harding, 121; Cox, 31. Cox can only count on a few states. "BAN" CALLS AMERICAN LEAGUE TO PEACE TABLE
Chicago, Oct. 25.—President Ban Johnson of the American league announced Monday that an informal conference of the American league club owners would be held this week to discuss plans for maintaining peace in baseball.

The time or place for the meeting has not been set. Earl Bantz, president of the St. Louis Americans, will arrive here tomorrow for a conference with President Johnson to discuss the proposed reorganization of baseball.

FISHERMEN SAIL FORTH TO BEAT CANADIANS

Gloucester, Mass., Oct. 25.—A fishing schooner Esperanza, skippered by a millionaire's yacht, put out to sea on Monday to the cheers of every old salt and young sailor in this port, bound for Halifax, N. S., where she will meet the crack Canadian fisher craft Delaware, in a series of races for the championship of the North Atlantic.

EXPECT COUNTY TO POLL 18,000 VOTES AT GREAT ELECTION

(Continued from Page One.)

of all county and district office seekers running on the republican ticket is felt to be assured, judging by the heavy majorities given republican candidates in former years. This accounts for the small amount of interest displayed in these races.

Blaine's McCoy

Overshadowing even the presidential contest in Wisconsin, alone, is the fight for governor. Although there are four candidates in the race, the contest has narrowed down to a battle between Col. Robert B. McCoy, Sparta, on the democratic ticket, and John J. Blaine, Escanaba, republican ticket. It is in this contest that thousands are expected to vote split tickets. Hundreds of leading republicans have declared themselves for McCoy, because Blaine has refused to run on the republican state platform, has accepted the endorsement of the nonpartisan league, and is campaigning on the La Follette platform. The other two candidates for governor are Henry H. Tubbs, prohibition, and William Coleman, socialist.

Lenroot-Thompson Fight

Similarly is interest being shown in the race for United States senator, in which Irvine L. Lenroot is seeking re-election on the republican ticket, with four others in the field. Chief among his opponents are James Thompson and Paul S. Reinsch. Lenroot is directing his battle chiefly against Thompson, a La Follette league, and a partner of Blaine. Reinsch is the democratic

candidate. The other two candidates are Clyde D. Mead, prohibition, and Frank J. Weber, socialist.

Many Republican Combings

For the lesser state offices, leading republicans have declared they will not vote for the men running on their ticket for lieutenant governor and secretary of state, respectively, and will cast their ballots for either the prohibition or democratic candidates. George P. Conings, running on the republican ticket for lieutenant governor, has been repudiated for having been one of the committee of 48 which participated in the nomination of Parley P. Christensen for president on the farmer-labor ticket. He and Blaine S. Hall, after the job of secretary of state, are both declared to be La Follette men, backed by the nonpartisan league.

List of Candidates

The candidates for the lesser state offices are:

Lieutenant governor—George P. Conings, republican; Frank H. Derricks, prohibition, and Henry Kleist, socialist. There is no democratic candidate. Secretary of state—Blaine S. Hall, republican; Willis V. Silvestro, democrat; Will J. Robinson, prohibition, and A. A. Trejahn, socialist. State treasurer—Henry Johnson, republican; Frank J. Egger, democrat; Charles H. Mohl, prohibition, and John Reventon, socialist. Attorney general—William J. Morgan, republican; A. C. Larson, democrat, and Mayhew Mott, prohibition.

The republican candidates for the last two offices—Johnson for state treasurer and Morgan for attorney general—are endorsed by republican leaders, while Blaine, Conings and Hall are not.

Yellow Ballot for President
In voting for state and county officers, electors will find the green bal-

lot will contain the names of all candidates. A yellow ballot for president, voters must be sure to get the yellow ballot. Thirteen electors are listed in each party pledged to vote in the electoral college for the candidates for president and vice president who head their party.

At the top of the ballot chosen it is the practice to place a cross (X), thus eliminating the marking after the name of each of the 13 electors. The heads of the four presidential tickets are:

For president—Warren G. Harding, republican; James M. Cox, democrat; Aaron S. Watkins, prohibition, and Eugene V. Debs, socialist.

For vice president—Calvin Coolidge, republican; Franklin D. Roosevelt, democrat; J. Leigh Colvin, prohibition, and Seymour Siedman, socialist.

"Yes" on Referendum

On the state referendum, which will be found on the small pink ballot, a cross in the square marked "Yes" will mean a vote for the Muehlberger bill. Members of the W. C. T. U. and other state leaders who want to see the "dry" law rigidly enforced in Wisconsin are campaigning for a heavy majority in the "Yes" column.

Community Social Held In Spring Valley School

A community gathering was held Friday evening in the district five school of the town of Spring Valley. Miss Daphne Dietz, teacher, had charge of all arrangements. Community meetings of a similar nature are being planned in many of the district schools.

ELKS LAY PLANS FOR BETTER LODGE

Mayor T. E. Welsh and O. C. Hombberger returned Monday from Milwaukee where they were among the 30 who attended the state meeting of 22k lodges called by the state president for the state association could do to benefit the 34 lodges of Wisconsin. The meeting was held at 2:30 o'clock Sunday after which a chicken dinner was served in the club rooms.

The Milwaukee lodge reported that the gross receipts of the carnival held in Milwaukee in September were \$203,000. Of this amount \$183,000 were net receipts as the lodge instructed a committee to purchase suitable gifts for those of

ficers and other Elks who took an active part in making the carnival such a success. Harry Sloan, exalted ruler, a former resident of this city, was presented with a gold watch set in diamonds, a chain and blue sash and a diamond ring. David Rose, Milwaukee was presented with a valuable automobile and gifts were also given Judge Karel and Clarence Yockey. Mayor Welsh went to the meeting as a state officer and Mr. Hombberger as a representative of the local lodge.

BELGIAN BALLOON WINS BENNETT TROPHY

[By Associated Press.]
New York, Oct. 26.—Officials of the Aero club of America today concede that the Gordon Bennett international trophy for free balloons had been won by the Belgian entry. Formal announcement of the winner of the international race, which started from Birmingham, Ala., last Saturday, probably will not be made for several days.

All 7 balloons which started have reported to the club except the United States army balloon, No. 1, piloted by Lieut. R. P. Thompson. Press dispatches from Chicago stated that Thompson had landed Sunday night near Charlotte, Mich.

"Gels-It" Wonder Corn Peeler

Just as Good for Calluses, Money Back if it Fails.
Don't be bothered through life by a pecky corn or callus. Don't let a corn tell you when to sit down. Don't wear shoes too large for you because a corn says you must. Get rid of the darned thing.

"Peel the Whole Corn Right Off and be rid of it."

It's a revelation to corn sufferers, the wonderful way that "Gels-It" banishes corns. Spend two minutes—thats all—to apply for 2 or 3 drops to any corn or callus. The pain will stop instantly. In a few seconds the corn dries right up. Soon it has loosened so you can peel it off in one complete piece, rent and all.

"Gels-It" is sold by all druggists; money back on request, unless it fails. Mfg. by E. Lawrence & Co., Chicago.

DEAR PETEY:

Get you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a bully time—well my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you, that every work day in the week R. J. Reynolds Tobacco Co. buys from our "Uncle Sam" enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Never saw such a cigarette firing-up time in my life!

Peter, everytime you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smoker's time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that.

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours

Means Cheaper and Better Bread
Large Size Loaf 14c

We are prepared to offer to the public of Janesville and Rock County a newer, better, larger, and more wholesome loaf of bread at a lower price. Snowflake, "The Bread of Purity," we are able to market it at the remarkable price of 14c per loaf.

After many experiments and tests with "Snowflake," The Bread of Purity, which were made with the utmost care by bakers skilled in the art of good baking, we are proud to think that we have not only upheld the high standards always set by this firm but that we have raised them to a higher degree in producing this wonderful nourishing loaf whose combined quality and price have never before been equaled.

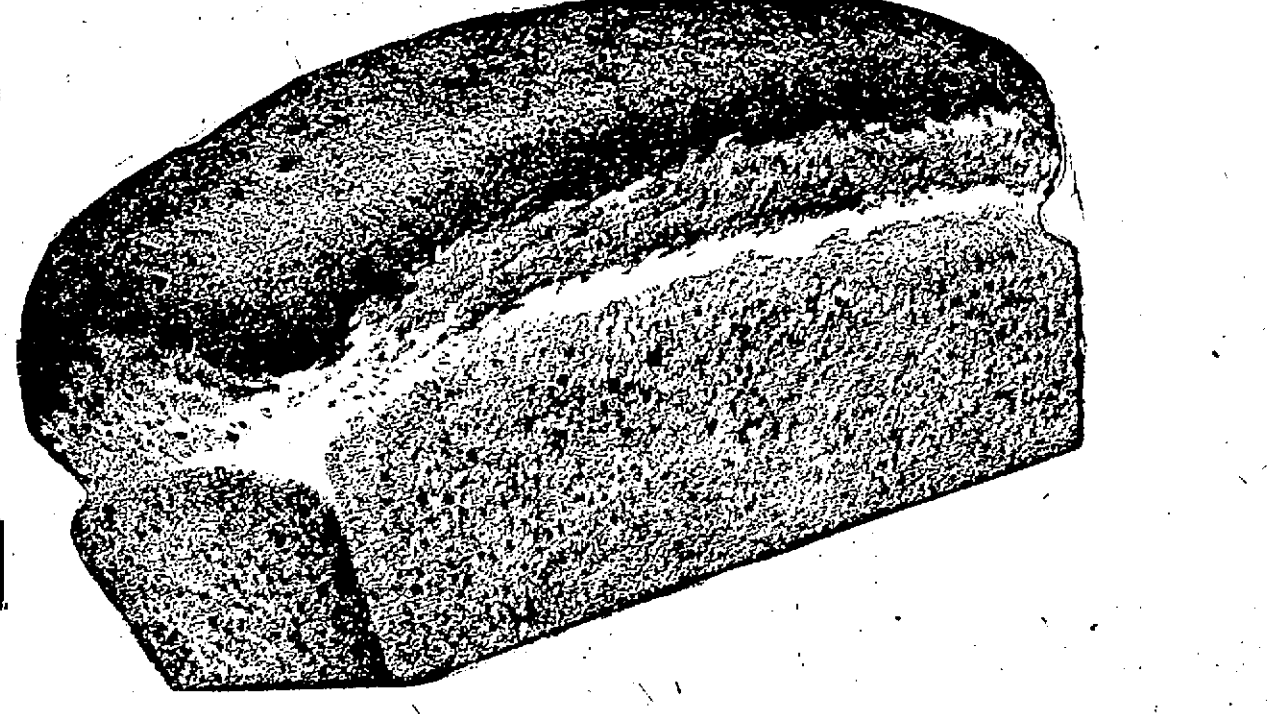

Snowflake—"The Bread of Purity" is as clean and pure as snow. It is kneaded by the most sanitary methods, baked in the most sanitary ovens, and handled in the most sanitary manner from oven to consumer. Great care is taken in the banking and handling of this wonderful loaf to preserve all the qualities of cleanliness and purity originally contained in that product of mother nature's from which this new loaf was named.

Snowflake—"The Bread of Purity", will fill the longing in your home for Mother's real home made bread. It contains all the qualities and materials which mother used to use. It has an appetizing flavor that not only satisfies the craving for real home baking but produces nourishment and muscle which are so necessary to life. You cannot help but like Snowflake. Once you eat Snowflake you will always eat it.

One thing Mother dislikes is baking day when she has to stand all day over a hot fire to bake the weekly supply of bread, buns, etc. Snowflake bread amply takes the place of Mother's fine home made bread and saves her the long weary hours spent over the oven. Perhaps you have never before been satisfied with any bread except Mother's, but now you can rest assured that Snowflake bread is the missing link between Mother's bread and you—without mother doing the baking.
